

## Student Strategies from Becca and Jennifer:

After struggling with a too-short flexible ruler and aluminum foil, Becca and Jennifer came up with what they thought was a better alternative for tracing crotch shapes: **16 gauge jewelry wire** (available in most craft stores and linked in the [Smarty Pants Supplies List](#)). They bent the ends of the 1/4" wide wire around their waist elastic, molded it to match their shapes and tied on the rubber bands. Consider giving it a try!
